

MODEL KATO305	230V	24V
Thrust and traction force	300 N	
Strokes	200, 300, 500 mm	
Power supply voltage	110-230V~ 50/60 Hz	24V $\overline{=}$ (DC)
Rated absorbed current	0,32 - 0,21 A	0,95 A
Power absorption at nominal load	25 - 28 W	23 W
No load speed	9,2 mm/s	
Duration of no load stroke (500 mm)	54 s	
Electrical insulation	Class II	Class III (Selv)
Type of service	2 cycles	5 cycles
Working temperature	-5°C - +65°C	
Protection index for electrical devices	IP32	
Soft stop	YES	
Relax function	YES	
Adjustment of connection to window frame	Automatic definition of position	
Syncro ³ Synchronization (<i>Nekos Patent</i>)	NO	
Connection in parallel	YES (Max 10)	
Length of power cable	2 m	
Stroke-end at opening	Electronic by dip-switch	
Stroke-end at closing	At absorption of power	
Protection against overload opening/ closing	At absorption of power	
Dimensions	456 x 60 x 43 mm	
Weight	1,55 Kg
